

**PROCEDURES OF APPLICATION PERMIT EXTENSION FOR
IMAGING AND DATA ACQUISITION/AERIAL PHOTOGRAPHY/
AERIAL MAPPING**

Currently, the Government has imposed the Movement Control Order 3.0 Phase 1 throughout the country. This has resulted in few economic sectors being shut down temporarily. Due to that, our Department has received a lot of requests from permit holders to extend their existing imaging and data acquisition/aerial photography/aerial mapping approval permit. JUPEM has agreed to this request and below are the application procedures:

1. Permit holder to submit letter of application for time extension, addressed to:

Ibu Pejabat Jabatan Ukur dan Pemetaan Malaysia
Wisma JUPEM, Jalan Sultan Yahya Petra,
50578 Kuala Lumpur
(u.p.: Pengarah Bahagian Geospasial Pertahanan)
2. The letter shall be sent via email to nizan@jupem.gov.my or shahyahya@jupem.gov.my.
3. This extension application applies only to existing permit which is still valid. In the event the permit has expired, new approval application has to be submitted.
4. Applicant will be notified via telephone or email, as mentioned in the permit, on the extension approval.
5. For any inquiries, please contact Warrant Officer 1 Mohd Nizan bin Abd Aziz at 03-2617 0776 or nizan@jupem.gov.my.

Thank you.
